

sparseeq

```
graph LR; A[sparseeq] --> B[_generateSparseSymbol]
```

A diagram showing a call from the function `sparseeq` to the function `_generateSparseSymbol`. The `sparseeq` box is shaded gray, and the `_generateSparseSymbol` box is white. A blue arrow points from the right side of the `sparseeq` box to the left side of the `_generateSparseSymbol` box.

\_generateSparseSymbol
