

amici::Model::fsigmaz

amici::Model::fdsigmazdp

isSetObservedEventsStdDev

```
graph LR; A[amici::Model::fsigmaz] --> C[isSetObservedEventsStdDev]; B[amici::Model::fdsigmazdp] --> C;
```

The diagram illustrates a directed graph with three nodes. On the left, there are two white rectangular nodes with black borders. The top node contains the text 'amici::Model::fsigmaz' and the bottom node contains 'amici::Model::fdsigmazdp'. On the right, there is a single gray rectangular node with a black border containing the text 'isSetObservedEventsStdDev'. Two blue arrows originate from the right side of the left nodes and point towards the left side of the gray node, indicating a directed relationship from the left nodes to the right node.
